	Overview	1
	<i>Çağlar Özden and Maurice Schiff</i>	
Part I	GLOBAL MIGRATION DATABASE	
1	Quantifying International Migration: A Database of Bilateral Migrant Stocks	17
	<i>Christopher R. Parsons, Ronald Skeldon, Terrie L. Walmsley, and L. Alan Winters</i>	
Part II	IMPACT ON DEVELOPMENT	
2	The Impact of Remittances on Poverty and Human Capital: Evidence from Latin American Household Surveys	59
	<i>Pablo Acosta, Pablo Fajnzylber, and J. Humberto Lopez</i>	
3	Does Work Migration Spur Investment in Origin Communities? Entrepreneurship, Schooling, and Child Health in Rural Pakistan	99
	<i>Ghazala Mansuri</i>	
4	Entrepreneurship, Labor Markets, and International Remittances: Evidence from El Salvador	141
	<i>Pablo Acosta</i>	

5	The Demographic Benefit of International Migration: A Hypothesis and Its Application to Middle Eastern and North African Contexts	161
	<i>Philippe Fargues</i>	
Part III HOST COUNTRY POLICY EFFECTS		
6	Immigration Incentives and Policy in Switzerland	183
	<i>Dominique M. Gross</i>	
7	The Impact of an Ex-Ante Job Offer Requirement on Labor Migration: The New Zealand-Tongan Experience	215
	<i>John Gibson and David McKenzie</i>	
Part IV RETURN MIGRATION		
8	Returns to Overseas Work Experience: The Case of Egypt	235
	<i>Jackline Wahba</i>	
9	Foreign-Born Migration to and from Norway	259
	<i>Bernt Bratsberg, Oddbjørn Raaum, and Kjetil Sørli</i>	
	INDEX	291
Figures		
1.1	Bilateral Migration Stocks	37
1.2	Source Country Shares of Certain Destination Regions	38
1.3	Destinations of Emigrants from Source Regions	39
1.4	Migration and Common Language	42
1.5	Migrants and Distance	46
2.1	Remittances to Latin America in 2004	65
2.2	Share of Households Receiving Remittances	67
2.3	Households Receiving Remittances by Quintile of the Distribution of Nonremittances Income	69
2.4	Average Years of Education for Adults Age 22 to 65	85
2.5	Differences in School Enrollment Rates for 12–17 Year Olds by Remittances Recipient Status	86
2.6	Anthropometric Measures for Children Age one to five, by Remittances Recipient Status: Guatemala	93
2.7	Anthropometric Measures for Children Age one to five, by Remittances Recipient Status: Nicaragua	94
3A.1	Enrollment and Dropout Rates, by Age and Wealth	137
3A.2	Gender Differences in Child Labor, by Age	138
3A.3	Gender Differences in Child Labor, by Wealth	139
4.1	El Salvador, International Migrant Remittances Flows, 1978–2004	145
5.1	A Framework of the Impact of International Migration on Birth Rates	165

5.2	Migration and Fertility in the Middle East and North Africa at the Time of Maximum Variation in Fertility	170
5.3	Remittances and Birth Rates in Egypt	173
5.4	Remittances and Birth Rates in Morocco	174
5.5	Emigration to the Gulf and the Transition of Fertility in Egypt at the Time of the Gulf War (1991), by Governorate	175
5.6	Emigration and the Fertility Transition by Province in Morocco	175
5.7	Emigration and Fertility by Province in Turkey, 2000	176
6.1	Level of Permanent Foreign Population and Unemployment Rate	187
6.2	Employment of Foreign and Swiss Populations	189
6.3	Total Inflow and Outflow of Foreign Permanent Residents	189
6.4	Shares of Inflow of Permanent Residents by Motives	192
6.5	Distribution of Immigrants from Some Regions of Origin	195
9.1	Immigration to Norway, 1967–2003	262
9.2	Immigrant Flows to Norway, by Gender	266
9.3	Fraction of Immigrants Remaining in Norway, by Gender	269
9.4	Fraction of Immigrants Remaining in Norway, by Gender and Region of Origin	271
9.5	Kernel Density Plots of Duration until Reimmigration	286

Tables

1.1	Who Qualifies as a Migrant?	20
1.2	Disparities between the Foreign Born and Foreign Migrants in Portugal	21
1.3	New Caledonia Migrant Split on the Basis of Population Shares for Melanesia	25
1.4	Population Splits	26
1.5	Propensity Shares for “Other Oceania” Split for Portugal	31
1.6	Database Versions	32
1.7	Share of Migrant Population in Total and from/to Neighboring Country	34
1.8	Percentage of World Migrants Recorded as a Bilateral Movement between Pairs of Countries/Regions	36
1.9	Migration Intensity Measures	41
1.10	Migration and Language: Migration Intensity Measures	43
1.11	Average Distance between Original and Destination Countries	45
1.12	Average Difference in GNI Per Capita between Original and Destination Countries	47
2.1	Household Surveys Used	66
2.2	Two-Step Estimates of Nonrecipient Households’ Income	73
2.3	Two-Step Estimates of Nonrecipient Households’ Income: First-Step Results of Auxiliary Regressions	75
2.4	Impact of Remittances on Headcount Poverty	78

2.5	Impact of Remittances on Headcount Poverty	79
2.6	Impact of Remittances on Headcount Poverty	80
2.7	Impact of Remittances on Headcount Poverty	81
2.8	Access to Remittances and Children's Education: OLS	87
2.9	Remittances and Children's Education by Mother's Education	89
2.10	Remittances and Health Outcomes	95
3.1	Migration and Household Structure	108
3.2	Impact of Return Migration on Household Investment in Nonfarm Enterprises	112
3.3	Impact of Return Migration on Household Investment in Farm Assets	113
3.4	Impact of Return Migration on the Purchase of Agricultural Land	114
3.5	Impact of Migration on Schooling and Child Labor	119
3.6	Child Schooling in Migrant Households	124
3.7	Impact of Migration on Child Growth	128
3A.1	Migrants' Region of Origin and Destination	135
3A.2	Determinants of Migration and Return Migration	136
4.1	Descriptive Differences by Remittances Recipient Status, 2000 Household Survey	147
4.2	Probit and Tobit Results for Labor Force Participation and Hours Worked, 2000 Household Survey	150
4.3	IV Probit and 2SLS Results for Labor Force Participation and Hours Worked, 2000 Household Survey	152
4.4	Probit and Tobit Results for Self-Employment and Business Ownership, 2000 Household Survey	154
4.5	IV Probit Results for Self-Employment and Business Ownership, 2000 Household Survey	156
5.1	Total Fertility Rates of Foreign Citizen Women Residing in France Compared with Women in Their Country of Origin and with French Women, Around 1980, 1990, and 2000	167
5.2	Total Fertility Rates in 1999 Among Foreign Women Residing in France According to Date of Immigration	168
5.3	Correlation Coefficients Among Emigration, Education, and Fertility in Egypt, Morocco, and Turkey	176
5A.1	Estimation of Net Migration Using UN Sources—Example of Morocco, 1950–2000	182
6.1	Quotas on One-Year and Seasonal Permits, November to October	188
6.2	Composition of Foreign Labor Force	191
6.3	Permanent Residents in Switzerland by Source Country	197
6.4	Percent of Migrants from the Former Yugoslavia in Total Migrant Flow from All Countries	199

6.5	Estimation of Inflow of Workers, 1981–95	202
6.6	Estimation of Inflow of Workers, 1995–2003	205
6A.1	Correlation Matrix, 16 Countries, 1981–95	212
6A.2	Correlation Matrix, 23 Countries, 1995–2003	212
6A.3	Characteristics of the Main Variables	213
7.1	Motives for Wanting to Migrate Among Tongan PAC Ballot Entrants	219
7.2	Percent with the Following Family Member Living in New Zealand at Time of Application	220
7.3	Who Does the Policy Select to Migrate? Marginal Effects from Probit Estimation of Application and Migration Outcomes	222
7.4	Do PAC Applicants Differ from Nonapplicants in Expected Response to Free Movement?	224
7.5	Does the PAC Select Differently from Open Migration?	225
7.6	What Methods Do Applicants Try to Find a Job Offer?	227
7.7	What Succeeds? How Did the Migrants Get Their Job Offer?	228
7.8	How Long Does It Take to Find a Job After Arriving	229
7.9	Comparisons of Job Offers and Initial Jobs Before and After Policy Changes	231
8.1	Summary Statistics	240
8.2	Return Migrants' Occupations	241
8.3	Occupation Transition Rates for Returnees	242
8.4	Employment Status and Sector Employment of Return Migrants	243
8.5	OLS Estimates of Log Real Hourly Wages	246
8.6	Bivariate Probit Sample Selection Model—Stage 1: Total Sample	248
8.7	Bivariate Probit Sample Selection Model—Stage 2: Waged Workers	249
8.8	Predicted Average Log Real Hourly Wages	251
8.9	Predicted Log Real Hourly Wages by Educational Level	252
8.10	Effect of Migration Duration on Predicted Average Log Real Hourly Wages of Return Migrants by Educational Level	252
8.11	Effect of Overseas Occupation on Predicted Log Real Hourly Wages of Highly Educated Return Migrants	253
9.1	Immigration to Norway, 1967–2003	264
9.2	Out-migration Patterns for Immigrants from Selected Source Countries, 1967–2003	267
9.3	Out-migration Patterns by Class of Admission, Non-OECD Immigrants	272
9.4	Out-migration Patterns among Refugees from Bosnia and Kosovo	274
9.5	Descriptive Statistics, Annual Migration Flows Data	278

9.6	Determinants of Immigration Flows, Grouped Probit Regressions	279
9.7	Determinants of Out-migration Flows, Grouped Probit Regressions	282
9.8	Determinants of Migration Flows to Third Countries, Grouped Probit Regressions	284
9.9	Determinants of Reimmigration Flows, Grouped Probit Regressions	287
