

TABLE OF CONTENTS

	Preface	xi
	Abbreviations	xv
1	Emerging Cityscapes	1
	Toward a Postindustrial Urban World	5
	Demand Elasticities	9
	Productivity Growth, Industrial Composition, and Income Distribution	11
	Technology at the Root	16
	Cities in the Global Marketplace	22
	The Shape of Things to Come?	24
2	Megacity Profiles	29
	Tokyo	29
	Singapore	39
	Bangkok	44
	Seoul	50
	Beijing	56
	Shanghai	60
	Conclusion	68
3	Disappearing Manufacturing	69
	Population	70
	Industrial Base	75
	Human Capital	80
	Urban Innovation System	85
	Information and Communication Technology Infrastructure	90
	Attractive Urban Amenities	95
	Investing in Growth, Attracting Talent	98

4	Deciphering the DNA of the Biotechnology Industry	101
	Biotechnology Rising	104
	Bio-Singapore	110
	Reading the Biotech Tea Leaves	127
5	Meet Astro Boy and Friends	137
	Robot Industry	142
	Anime Industry	158
	A New Dawn?	166
6	Fun, Movies, and Videogames	169
	The Film Industry's Development in Korea	172
	Making and Screening Movies in Seoul	174
	Videogame Industry	191
	The Emerging Multimedia Economy	206
7	Silk and Gems	211
	Inventing Fashion	211
	Gems: A City's Best Friends?	223
	A Fashionable Bangkok	230
8	Sculpting the Urban Skyline	239
	Why Construction?	241
	The Construction Industry in Shanghai	245
	A Statistical Profile	247
	Innovation in the Construction Industry	259
	Current Status and Prognosis	263
9	Gold in Silicon	271
	Beijing's Silicon Credentials	274
	When It All Began and How	275
	Electronic Zhongguancun	282
	Constructing a Metropolitan-Scale Innovative System	287
	An Electronics and Information Technology Capital?	293
10	Summing Up	303
	Identifying Postindustrial Cities	304
	Selecting Urban Industrial Engines	306
	Engine Drivers	309
	References	311
	Index	339
	About the Authors	351

Figures

1.1	Trends in Consumption Share, 1950–2004	9
1.2	Mosaic Index	21
3.1	Population Age Pyramid for Cities	72
3.2	Health Expenditure as Share of GDP, 2003	97
5.1	Shipments of Industrial Robots, 1990–2003	144
5.2	Forecast of Robot Market in Japan, 1995–2025	147
5.3	Market Size of Animation Industry (Theater, Television, Software), 1990–2003	160
5.4	Market Structure of Animation Industry in Japan	161
7.1	Gem and Jewelry Exports, by Country, 2002	226

Tables

1.1	Urbanization Rate in East Asia	2
1.2	Urbanization Rate around the World, by Region	2
1.3	Megacities	3
1.4	Employment Elasticity of Output in China	15
2.1	Gross Investment in Shanghai	66
3.1	City Population and Share of National Population, 2003	71
3.2	Net Migration (Foreign and Domestic) to Six Cities in East Asia, 1980–2003	74
3.3	Cities' Share of National GDP, 1985–2003	75
3.4	Sectoral Composition of City GDP in Six Cities, 1980–2003	76
3.5	Per Capita City GDP and Per Capita National GDP, 2003	77
3.6	City GDP, 2003	77
3.7	Number of Universities in East Asian Cities, 1990–2003	85
3.8	Number of Patents Granted in the United States, by Economy of Origin, 1964–2004	86
3.9	Top Universities in East and South Asia, 2005	89
3.10	Contribution of IT Investment in GDP Per Capita Growth, 1990–2000	91
3.11	E-Readiness Ranking, 2004 and 2005	93
3.12	Number and Types of Internet Connections in Japan, 1999–2002	94
3.13	Comparison of Broadband Prices, 2004	94
3.14	Mathematics Scores from TIMSS-R, 1999	96
3.15	Science Scores from TIMSS-R, 1999	96
3.16	Number of Crimes per 100,000 Population, 2000 and 2003	98

4.1	Output and Value Added of the Singapore Biomedical Industry, 1997–2004	114
4.2	Biomedical Manufacturing in Singapore, 2004	114
4.3	Biomedical Public Research Institutes in Singapore, December 2002	115
4.4	Three Phases of Clinical Trials	117
4.5	Breakdown of Patents Granted in Singapore, 1995–2004	121
4.6	Output of Science and Engineering Articles by Economy	128
5.1	Stock of Industrial Robots at Year-End, 2002–08	143
5.2	Firms Involved in Robotics, by Robot Type	154
5.3	Anime Productions of Six Largest Firms in Japan, 1997–2003	159
5.4	Location of Animation Firms in 23 Wards of Tokyo	163
6.1	Domestic Market Shares of Korean and Foreign Films, 1991–2004	173
6.2	Number of Films Produced and Imported by Korea, 1991–2004	175
6.3	Market Share of U.S. Movies in Selected Countries, 2000	175
6.4	Attendance and Number of Theaters and Screens in Korea by Year, 1991–2004	176
6.5	Korean Film Exports by Region, 2002 and 2003	178
6.6	Earnings from Korean Film Exports, 1991–2003	179
6.7	Number of Establishments and Employees in Motion Picture Production in California, 1997 and 2002	180
6.8	Establishments and Employees in the Korean Film Industry, 1993–2002	182
6.9	Occupational Categories and Required Skills in the Videogame Industry	202
7.1	Percentage of Consumers Who Would Buy a Brand If Money Were No Object	216
7.2	Total Value of Exports: Textiles, 1990–2003	218
7.3	Total Value of Exports: Clothing, 1990–2003	219
7.4	Imports of Gems, Precious Metals, and Jewelry, 1999–2002	225
7.5	Production Cost Structure of Jewelry and Accessories, 2000	225
7.6	Exports of Gems, Precious Metals, and Jewelry, 1999–2002	226
8.1	Infrastructure in Shanghai at a Glance, 1990 and 2004	246
8.2	Composition of Real Estate Firms in China, 2002	248

8.3	Composition of Real Estate Employees, 2002	249
8.4	Investment by Building Types, 2002	250
8.5	Revenue of Real Estate Firms, 2002	250
8.6	China's Export of Construction Services, 2000	251
8.7	Capital Sources for Real Estate Firms, 2002	254
8.8	Foreign Construction and Real Estate Developers in Shanghai, 1996–2000	255
8.9	Share of Engineers and Technicians in State-Owned Construction Enterprises, 1990–2003	258
8.10	Output of the Construction Industry in Shanghai and China, 1990–2003	264
9.1	Industry Distribution in Parks within Zhongguancun	283
9.2	Business Software Piracy Rates by Economy, 2000	287
9.3	Research and Development Spending in Beijing, 1999–2004	288
9.4	Breakdown of Research and Development in Beijing, 2000	289
9.5	Number of Invention Patents by Regions, 1995–2000	289
9.6	Main Indicators of Different Parks in 2003	290
