

INDICE

Foreword	ix
Abstract	xi
Acknowledgments	xiii
1 Gender, time use, and poverty: introduction	
Time use and Africa's development	1
Brief overview of the contributions in this volume	5
What next? Some areas for further research	7
Part I: reviews of the literature	
2 Gender and time poverty in sub-Saharan Africa	13
Conceptual framework linking time use and poverty	14
Gender and time use patterns in sub-Saharan Africa	17
Gender, time use, and agriculture	18
Household fuel and water provisioning	
Care and domestic work	19
HIV-AIDS epidemic and the burden of care	20
Challenges to reducing women's time poverty	21
Methodologies used in time use surveys	24
Conclusions and recommendations	26
3 A review of empirical evidence on time use in Africa from UN-sponsored surveys	39
Definitions of work in the system of national accounts	40
Measurement of work in time use surveys in sub-Saharan Africa	44
Time use patterns and key development variables	63
Measuring and analyzing time poverty	66
Part II: measuring time poverty	
4 Measuring time poverty and analyzing its determinants: concepts and applications to Guinea	75
Analytical framework	78
Data and results	
Time use statistics	81
Time poverty	
Correlates of time poverty	87
Conclusion	91
5 Labor shortages despite underemployment? Seasonality in time use in Malawi	97
Data and empirical results	101
Conclusion	114
Part III: time use development outcomes	
6 Poverty reduction from full employment: a time use approach	119
Data	121
Analytical framework	122
Results	
Impact on consumption	125
Impact on poverty and inequality	128
Conclusions	131
7 Assessing the welfare of orphans in Rwanda: poverty, work, schooling, and health	135

Number of orphans and qualitative findings	
Number of orphans	138
Qualitative evidence on living conditions	140
Living conditions of orphans: quantitative empirical results	
Households consumption	141
Education and child labor	143
Nutrition	
Conclusion	145
