Overview	Why Do Young People Deserve Special Attention?	3
	Key Messages	4
	Designing Effective Interventions	13
	Policy Conclusions	21
Chapter 1	Introduction	23
	The Motivation for the Study	26
	Definitions, Data, and Methodologies	30
	The Organization of the Report	32
	Notes	33
Section I	Laying the Groundwork	35
Chapter 2	Motivations for Focusing on At-Risk Youth	37
	The Youth Cohort, Particularly Those Considered At-Risk, Is Growing	37
	The Costs of Not Investing in At-Risk Youth Are Very High for Young People, Their Families, and Society	44
	Notes	55

Chapter 3	A Conceptual Framework and Its Application for Policy Making	57
	The Conceptual Framework and Definitions	57
	Moving from the Conceptual Framework to Policy	61
	Note	62
Chapter 4	Identifying At-Risk Youth for Better Programming and Targeting	63
	A Characterization of At-Risk Youth	63
	Using the Risk Typology for Targeting Prevention Programs	68
	Using the Risk Typology for Targeting for Second Chances	70
	Conclusions	70
	Notes	71
Section II	Informing Policy by Understanding the Trends and Causes of Risky Behavior in LAC	73
Chapter 5	Understanding the Nature and the Magnitude of Risky Behavior	75
	Leaving School without Learning	75
	Difficult Integration into the Labor Market: Joblessness and Job Turnover	83
	Risky Sexual Behavior	97
	Crime and Violence	106
	Substance Use	112
	Notes	117
Chapter 6	Identifying the Factors That Put Youth at Risk	119
	Why Young People Engage in Risky Behavior	121
	Key Factors Correlated with Risky Behaviors	146
	Cumulative Effect of Factors	151
	Conclusions	152
	Notes	153

Section III	Helping Young People Make Good Choices: Programming, Policy, and Implementation	157
Chapter 7	Principles for Building an Effective Portfolio for Youth at Risk	159
	Investing in At-Risk Youth Leads to Lower Demands on the Public Purse in the Future	159
	Preventing Risky Behavior Begins at Birth	161
	At-Risk Youth Need Second Chances	161
	Effective Targeting Is the Key to Results	162
	The Most Effective Portfolio Will Prioritize Policies and Programs That Affect Multiple Risks	163
	Include Only Effective Policies in the Portfolio	164
	Notes	164
Chapter 8	Prioritizing What Works	167
	Core Policies: Strategies That Work and Are Recommended for Implementation	170
	Nine Promising Approaches That Ought to Work and Should Be Tried, Accompanied by Careful Impact Evaluation	177
	General Policies with a Surprisingly Strong Effect on Youth at Risk	192
	Notes	204
Chapter 9	Moving From a Wish List to Action	207
	Improving the Portfolio for At-Risk Youth in a Budget-Constrained Environment: Reallocate Resources Away from Ineffective Programs toward Recommended Programs	207
	Improving the Portfolio for At-Risk Youth in a Budget-Constrained Environment: Collecting, Analyzing, and Using Data	216
	Assign and Coordinate Institutional Responsibilities Based on Comparative Advantages	226
	Notes	231

Chapter 10	Investing in Youth in LAC: Key Messages and Conclusions	233
	Key Messages	233
	Defining an Effective Portfolio of Policies and Programs	236
	Moving Forward	240
Appendix A	Population in LAC by Age and Sex	243
Appendix B	Methodology for Estimating the Cost of Negative Youth Behavior	247
	Individual Financial Costs	248
	Individual Opportunity Costs	249
	Social Financial Costs	250
	Social Opportunity Costs	250
	Components of the Cost Estimates for Each Kind of Risky Youth Behavior	251
Appendix C	Methodology for Devising the Typology of At-Risk Youth	255
	Notes	257
Appendix D	Measuring Youth Outcomes	259
	Note	266
Appendix E	Estimated Taxpayer Costs and Crime-Reduction Benefits of 16 Crime Prevention Programs	267
Appendix F	Sources of Information for Evaluated Programs	271
	General	271
	Crime and Violence	272
	Risky Health Behavior	272
	Labor	273
	Education	273
	Substance Abuse	274
	World Bank Experts Working Group on Youth at Risk in LAC	274
