<i>Foreword</i>	<i>xi</i>
<i>Acknowledgments</i>	<i>xiii</i>
<i>Executive Summary</i>	<i>xv</i>
<i>Abbreviations</i>	<i>xxi</i>
1 Facing the Challenges of African Growth: Opportunities, Constraints, and Strategic Directions	1
Poverty in Africa: Largely a Growth Challenge	4
Breaking Out of the Low-Growth Syndrome— A Daunting Task but a Real Possibility	9
The Report: An Overview	11
Notes	31
2 Africa's Long-Term Growth Experience in a Global Perspective	33
Evolution	35
Benchmarking against Asian Economies	37
Diversity across Africa	39
Sectoral Composition	53
Conclusions	55
Notes	56
3 Explaining the African Growth Record: What Appears to Matter Most	57
Sources of Economic Growth: Lessons from Growth Accounting	58

Doing Business in Africa: The Investment Climate—	
Transaction Costs, Risk, Capacity	66
Indigenous Entrepreneurs and Minority-Owned Firms	75
Benchmarking of Growth Conditions in African Countries	78
Conclusions	97
Notes	97
4 Constraints to Growth	99
Africa's Unfavorable Endowments: A Constraint to	
Growth but Not a Predicament	100
Natural Resources—Curse and Potential	116
Risks and Uncertainty	118
Weak Institutional Capacity	130
The Financial Sector as a Constraint to Growth	130
Low Savings	136
Conclusions	141
Notes	142
5 Tackling the Challenges of African Growth	143
Lessons from a Half-Century of Africa's Growth	
Experience	145
Changing Contexts and Emerging Opportunities	148
The Changing International Economic Environment—	
New Opportunities and New Challenges	151
Opportunities and Options for Growth Strategies	154
Key Strategic Challenges	156
Mobilizing Resources for Growth	188
Conclusions	199
Notes	200
Appendix: Empirical Analysis of Influential Factors of	
Growth in Africa	203
Estimating the Growth Model	203
Influential Factors of Growth and Data	205
Results	214
Notes	217
<i>Bibliography</i>	219

<i>index</i>	237

Boxes

2.1	Different Development Strategies—Very Different Results: Mauritius versus Côte d'Ivoire	47
2.2	Contrasting Growth Paths of Two Landlocked, Resource-Rich Countries: Botswana and Zambia	50
4.1	The Demographic Transition and Family Planning in Ethiopia	113
4.2	Country Studies	128
5.1	Technology, Adaptation, and Exports: How Some Developing Countries Got It Right	167
5.2	ICT Helping to Improve Financial Services in Africa	170
5.3	Banking Sector and Savings Mobilization in Zambia	192
5.4	Some Initiatives to Expand Access and Encourage Enhanced Savings	195

Figures

1.1	Comparative Per Capita Income Growth Paths: Sub-Saharan Africa versus Other Regions	5
1.2	Per Capita Incomes in 2004 Relative to 1960	6
1.3	Similar Opportunities, Different Strategies, Different Results	7
1.4	Analytical Framework of the Growth Model	30
2.1	Smoothed Average Growth in Real GDP Per Capita: Sub-Saharan Africa and Other Regions	34
2.2	Average Growth Rates in Sub-Saharan Africa, by Income Categories	36
2.3	Average Per Capita Growth Rates: Global Distribution	37
2.4	Smoothed Average Growth in Real GDP Per Capita: Sub-Saharan Africa, South Asia, and East Asia and Pacific	38
2.5	GDP Per Capita Index—Sub-Saharan Africa and Other Regions, 1960–2004	39
2.6	Smoothed Average Growth in Real GDP Per Capita: Nigeria, Democratic Republic of Congo, Botswana, and Mauritius	40

2.7	Growth Rates and Demographic Indicators, by Size	42
2.8	Sub-Saharan Africa's Smoothed Average Growth in Real GDP Per Capita by Opportunity Groups	46
2.9	Growth Experience of Countries in Sub-Saharan Africa	46
3.1	Energy Costs and Power Outages	68
3.2	Shares of Firms Owning Generators	69
3.3	Days to Clear Imports and Exports	70
3.4	Inspections and Management Time Spent Dealing with Regulations	70
3.5	Crime, Unofficial Payments, and Securing of Contracts	71
3.6	Cost Structures, Firm-Level Average by Country	73
3.7	Net and Gross Total Factor Productivity, Adjusted Prices	74
3.8	Average Current Size of African Firms by University Education	76
3.9	Percentage of Firms Receiving Credit	77
3.10	Regression-Based Decomposition of Periodical Growth Rates, SSA, 1960–74	81
3.11	Regression-Based Decomposition of Periodical Growth Rates, SSA, 1975–94	82
3.12	Regression-Based Decomposition of Periodical Growth Rates, SSA, 1995–2004	82
3.13	Evolution of Contribution of Policy	96
3.14	Evolution of Contribution of Shocks	96
4.1	Sub-Saharan Africa Geographical Distribution	103
4.2	Demographic Transition Information: Rate of Natural Increase	108
4.3	HIV Prevalence in Adults in Africa, 2005	115
4.4	Age Distribution of Deaths in Southern Africa	115
4.5	SSA's Smoothed Average Growth in Real GDP Per Capita, by Opportunity Group	117
4.6	Inflation Trends: Regional Comparisons, 1971–2004	119
4.7	Regional Inflation, 1971–2004	119
4.8	Countries in Civil War	125
4.9	Financial Development in SSA	133

4.10	Median Spread: A Regional Comparison	134
4.11	Access to Finance: Africa Relative to Other Regions	135
4.12	Access to Financial Capital	136
4.13	Portfolio Allocation Trends	137
4.14	Saving Trends: Regional Comparison by Decade	138
4.15	Saving Trends in SSA, 1980–2004	139
4.16	Savings Decomposition	140
5.1	Share of Countries with Competitively Elected Chief Executives	151
5.2	World Trade Trends: Composition of Exports, 1981–2001	152
5.3	Developing Countries' Share of Exports, 1981–2001	153
5.4	The Global Competitiveness Index: Impact of Investment in ICT	172
5.5	Education Investment Impact on Competitiveness	174
A.1	Smoothed Average Life Expectancy at Birth	206
A.2	Demographic Indicators	207
A.3	Policy Variables over Time	211
A.4	Telephone Lines	212

Tables

1.1	Regional Growth Comparisons	28
2.1	Growth and Selected Indicators in African Countries, Categorized by Opportunity Groups	44
2.2	Predicted Shares of Economic Structure at Selected Levels of Income Per Capita	54
3.1	Sources of Growth, by Regions, 1960–2003	60
3.2	Sources of Growth, Africa, 1960–2003	61
3.3	Productivity of Investment—Returns	65
3.4	Contributions of Individual Components of Drivers of Growth toward Explaining Deviation of SSA's Predicted Growth Relative to the Sample Mean, EAP, and SAR, 1960–2004	80
3.5	Evolution of Individual Contributions of Drivers of Growth toward Explaining Deviation of SSA's Predicted Growth Relative to the Sample Mean, EAP, and SAR, by Periods	84

3.6	Contributions of Various Factors Influencing Growth at the Country Level	86
3.7	Evolution of Contribution to Deviation from Sample Mean at the Country Level	88
4.1	Interregional Comparison of Geographical and Sovereign Fragmentation Indicators	101
4.2	Age Dependency Ratios	108
4.3	Socioeconomic Indicators, 2004	109
4.4	Fiscal Policy Indicators for Selected Regions	120
4.5	Battle Deaths versus Total War Deaths in Selected African Conflicts	126
4.6	Indicators of Financial Development: A Regional Comparison	132
A.1	Regression Results	213
