Foreword.....	vii
Acknowledgments	ix
Acronyms	xi
Executive Summary.....	xiii
1. There Has Been a Massive Rollout of ICI in the 1990s.....	1
2. The Picture is More Mixed for Advanced ICI.....	3
3. Advance to Date Has Been Due to New Technologies, Declining Costs, and Considerable Investment.....	4
4. A Growing Share of ICI Investment is Private.....	6
5. Competitive, Well-regulated Private Investment Remains the Key to Meeting the Growing Demand for ICI.....	10
6. Going Forward, There Are Considerable Investment Needs for ICI in Developing Countries	14
7. The First Question is How to Attract the Private Financing to Meet Those Needs.....	15
8. Even With Greater Private Involvement, Gaps Will Remain.....	19
9. Some Investment Gaps Can Be Filled With Pro-Investment Policy and Regulation	21
10. Some Gaps Can Be Covered by Leveraging the Government's Role as Consumer and Utility Operator	22
11. Some Gaps May Require Government-Supported Access Initiatives.....	23
12. Donor Community Financing Plays a Relatively Small Role in Overall Financing	27
13. The Catalytic Role for Donors and the WBG Can Be Significant	28
Bibliography.....	35

LIST OF FIGURES
