| Acknowledgments | xv |
| 1 INTRODUCTION William Easterly and Luis Servén | 1 |
| 2 LA TIN AMERICA'S INFRASTRUCIURE IN 1HE ERA OF MACROECQNOMIC CRISES Cesar Calderon, William Easterly, and Luis Servén | 21 |
| 3 THE OUTPUT COST OF LATIN AMERICA'S INFRASTRUCIURE GAP César Calderón and Luis Servén | 95 |
| 4 INFRASTRUCIURE COMPRESSION AND PUBLIC SECTOR SOLVENCY IN LATIN AMERICA Cesar Calderon, William Easterly, and Luis Servén | 119 |
| 5 MACROECONOMIC EFFECTS OF PRNATE SECTOR PARTICIPATION IN INFRASTRUCIURE Javier Campos, Antonio Estache, Noelia Martín, and Lourdes Trujillo | 139 |
| 6 REGULATION AND PRNATE SECTOR PARTICIPATION IN INFRASTRUCIURE Sheoli Pargal | 171 |
| Acronyms and Abbreviations | 199 |
| Index | 205 |
| FIGURES | |
| 2.1 Comparative Performance in Infrastructure Stocks | 24 |
| 2.2 Power Generating Capacity by Region, 1980-97 | 26 |
| 2.3 Power Generating Capacity per Worker by Country, 1980 and 1997 | 27 |
| 2.4 Length Comparisons of Transportation Routes | 28 |
| 2.5 Road Length per Worker by Country, 1980 and 1997 | 29 |
| 2.6 Access to Clean Water, 1985-93 | 29 |
| 2.7 Infrastructure Quality and Excess Demand | 30 |
| 2.8 Power Losses by Region, 1980-97 | 31 |
| 2.9 Power Losses by Country, 1980 and 1997 | 32 |
| 2.10 Comparisons of Surface Transportation Quality | 33 |
| 2.11 Total Investment in Infrastructure in Selected Latin American Countries, 1980-98 | 34 |
| 2.12 Investment in Infrastructure in Selected Latin American Countries, by Sector, 1980-98 | 35 |
| 2.13 Public Investment in Infrastructure in Selected Latin American Countries, 1980-98 | 37 |
| 2.14 Public Investment in Infrastructure and Noninfrastructure, by Country | 40 |
| 2.15 Public Investment in Infrastructure, by Sector and by Country | 43 |
| 2.16 Private Investment in Infrastructure in Selected Latin American Countries, 1980-98 | 47 |
| 2.17 Private Investment in Infrastructure and Noninfrastructure, by Country | 48 |
| 2.18 Private Investment in Infrastructure, by Sector and by Country | 51 |
| 2.19 Private Investment Per Capita around the Date of | 55 |

| | |
|-----------------------------------------------------------------------------------------------------------------------------------|-----|
| Reform in Selected Country, by Sector | |
| 2.20 Infrastructure Quality and the Private Share of Investment in Infrastructure | 65 |
| 3.1 Infrastructure Accumulation and Growth, 1960-97 97 | 97 |
| 6.1 Annual Average Share of Private Investment in Total Infrastructure Investment in Selected Latin American Countries, by Sector | 174 |
| 6.2 Average Annual Investment in Infrastructure in Selected Latin American Countries, by Sector | 175 |
| TABLES | |
| 2.1 The Contribution of Infrastructure Compression to Fiscal Adjustment, Average 1980-84 versus ;' Average 1995-98 | 37 |
| 2.2 Regression of Public Infrastructure Investment/GDP on the Primary Balance/GDP | 39 |
| 2.3 Infrastructure Reform Dates | 46 |
| 2.4 Correlation between Public and Private Infrastructure Investment, by Sector | 57 |
| 2.5 Regressions of Public Infrastructure Investment/GDP on Private Infrastructure Investment/GDP | 58 |
| 2.6 Relationship between Physical Stocks and Investment Spending in Infrastructure | 61 |
| 2.7 Relationship between Physical Stocks, Public and Private Investment Spending in Infrastructure | 63 |
| 2.8 Private Participation and Infrastructure Quality | 64 |
| 2A.1 Telephone Service Variables | 69 |
| 2A.2 Summary of Coverage and Availability of Telephone Service Indicators | 70 |
| 2A.3 Telecommunications Indicators: Time-Series Coverage by Region | 72 |
| 2A.4 Variables Used as Proxies for Energy | 73 |
| 2A.5 Energy Indicators: Time-Series Coverage by Region | 74 |
| 2A.6 Sanitation and Sewerage Indicators: Time-Series Coverage by Region | 74 |
| 2A.7 Indicators for Roads | 75 |
| 2A.8 Other Indicators for Roads | 75 |
| 2A.9 Indicators for Irrigation | 75 |
| 2A.10 Irrigation: Time-Series Coverage by Region | 76 |
| 2A.11 Roads and Railways: Time-Series Data for Selected Regions | 77 |
| 2A.12 Public Sector Definitions Used in the Figures of Public Investment in Infrastructure | 77 |
| 2A.13 Definition of the Transport Sector | 78 |
| 2B.1 Infrastructure Reform Laws | 82 |
| 2B.2 Sale and/or Concession of Public Enterprises in Infrastructure Sectors | 82 |
| 2B.3 Greenfield Projects in Infrastructure Sectors | 83 |
| 3.1 The Widening Infrastructure Gap, Latin America versus East Asia | 96 |
| 3.2 Sample Correlations | 103 |

| | |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| 3.3 Infrastructure - Augmented Production Function: Alternative Estimates | 104 |
| 3.4 Alternative GMM Estimates | 106 |
| 3.5 First-Difference GMM Estimates of Alternative Specifications | 108 |
| 3.6 Elasticity of Output per Worker with Respect to Capital per Worker | 110 |
| 3.7 The Infrastructure Gap and the Output Gap: Contribution of Various Inputs to the Change in Relative GDP per Worker, Latin America versus East Asia, 1980-97 | 111 |
| 3.8 The Infrastructure Gap and the Output Gap: Contribution of the Change in Relative Infrastructure Stocks to the Change in Relative GDP per Worker, East Asia versus Selected Latin American Countries, 1980-97 | 112 |
| 4.1 Taxes and Growth: Panel Data Regression Analysis | 126 |
| 4.2 Government Spending and Growth: Panel Data Regression Analysis | 127 |
| 4.3 Impact on the Annuity Value of Net Worth of a Cut in Infrastructure Investment by 1 Percent of GDP | 129 |
| 4.4 Partial-Equilibrium Effect of Actual Infrastructure Investment Changes on the Annuity Value of Public Net Worth, 1980-84 versus 1995-98 | 131 |
| 4A.1 Panel Unit Root Tests, Government Revenues, Government Spending, and Real Output | 135 |
| 5.1 Main Macroeconomic Variables: Levels and Ranking | 146 |
| 5.2 First Year for Private Participation in Utilities and Transport | 147 |
| 5.3 Average Value of the Institutional Variables between 1985 and 1998 | 149 |
| 5.4 Effects of PPI on GDP Per Capita (Model1) | 151 |
| 5.5 Effects of PPI on GDP Per Capita (Model 2) | 152 |
| 5.6 Effects of PPI on Private Investment (Model1) | 155 |
| 5.7 Effects of PPI on Private Investment (Model2) | 156 |
| 5.8 Effects of PPI on Private Investment Defined as Gross Domestic Investment Minus Public Investment (Model1) | 158 |
| 5.9 Effects of PPI on Public Investment (Model1) | 160 |
| 5.10 Effects of PPI on Public Investment (Model 2) | 162 |
| 5.11 Effects of PPI on Recurrent Public Expenditures (Model1) | 164 |
| 5.12 Effects of PPI on Public Expenditures (Model2) | 166 |
| 5.13 Summary of Signs of Average Macroeconomic Effects of PPI. | 168 |
| 6.1 Data Sources | 179 |
| 6.2 Country Fixed Effects Estimation | 183 |
| 6.3 Fixed Effects Regressions by Sector | 187 |
| 6A.1 Descriptive Statistics | 189 |
| 6A.2 Descriptive Statistics if Regulatory Body Exists | 189 |
| 6A.3 Correlation Matrix for Complete Data Set | 190 |
| 6A.4 Correlation Matrix for Regulatory Variables | 190 |
| 6A.5 Public and Private Investment before and after the Passage of Reform Legislation | 190 |
| 6A.6 Aspects of Regulatory Structure, by Country and by Sector | 192 |
