

Contents

Foreword by Dr. Deming	xvii	What Factors Have Led to American Prosperity in the Past	17
Preface	xix	What Is the Definition of a Colony	18
Acknowledgments	xxi	Something Has Happened to America	19
Prologue	1	Reflections During Coffee Break	20
Who Is Dr. Deming	2	To Achieve Quality There is No Substitute for Knowledge	21
More on Dr. Deming's Background	3	Quick Fix—Machinery and Automation	22
Background—Japan after World War II	4	Quick Fix—Just In Time (JIT)	23
Dr. Deming Teaches in Japan	5	Quick Fix—Cost Cutting	24
Why Should I Read This book	6	Quick Fix—Suboptimization of People and Technology	25
How to Read This Book	7	Quick Fix—Management by Results	26
Overview	8	Quality Is Made in the Boardroom—Not on the Factory Floor	27
DAY ONE		Forces of Destruction	28
1 The Need for Transformation of Western Management	9	Story of the Art Class	29
Dr. Deming Lectures to a Packed Convention Hall	10	The Prison	30
Why Are We Here	11	Comments Overheard in the Prison Compound	31
Historical Perspective	12	Escape from Prison	32
Is America Prosperous or Are We in Trouble	13	2 A System of Profound Knowledge	33
America Is in Trouble—More Is Going out than Coming in	14	What Is a System of Profound Knowledge	34
Aren't We Still Leaders in Agriculture	15	What Is a System	35
What American Industry Brings in the Most Dollars	16		

The Importance of Interdependence in a System	36
An Example of the Systems Concept—Customer/Supplier Flowchart	37
How to Suboptimize a Firm	38
Theory of Variation.....	39
Variation Is So Easy to Understand	40
Theory of Knowledge.....	41
There Is No Such Thing As a True Value	42
Psychology	43
Reflections During Lunch	44

3 Obligations 1 through 5 45

Obligation 1—Constancy of Purpose	46
Obligation 2—Adopt the New Philosophy	47
Obligation 3—Cease Dependence on Mass Inspection	48
The Hazard of 100 Percent Inspection	49
When to Use Mass Inspection	50
Three Worlds—Rules for Inspection	51
Inspect the Process—Not the Product	52
Obligation 4—End the Practice of Awarding Business on the Basis of Price Tag Alone—Instead Reduce Cost by Reducing Variation	53
Buying on Price Tag Alone	54
Comparison of Suppliers	55
Taguchi's Use of the Loss Function	56
Three Worlds for Purchasing	57
Reduce Variation through Long-Term Relationships	58
What About the Purchase of a Commodity	59

Single Supplier Policy	60
What If Your Supplier Has a Fire	61
Obligation 5—Continual Improvement	62
Innovation and Improvement	63
Where Does Innovation Come From	64
The Shewhart Cycle for Learning and Improvement	65
Evening Study Group	66
Reflections on Day One.....	67

DAY TWO

4 Obligations 6 through 9 69

Dr. Deming Autographs His Book	70
Hands against the Wall	71
Obligation 6—Training for a Skill	72
Why a Leader Must Be a Trainer	73
Obligation 7—Leadership	74
Doing Your Best is Not Good Enough	75
Obligation 8—Drive Out Fear	76
Blaming the Worker	77
Obligation 9—Break Down Barriers between Staff Areas	78
Why Don't People within an Organization Cooperate	79
Independent Kingdoms versus Cross-Functional Teams	80
We Need a Theory of Cooperation	81
Cooperation Will Lead to More Standards	82
Cooperation and Darwin	83

5	The Red Beads	85	Incentives Are Quotas	107
	The Workers Are Instructed	86	What About a Person Who Doesn't Give a Hoot	108
	The Red Beads—Production—Day 1	87	How to Survive When the Company Insists on a Quota	109
	The Red Beads—Production—Day 2	88	Alternatives to Quotas—Change from MBO to MBP	110
	The Red Beads—Production—Day 3	89	Obligation 12A—Remove Barriers to Pride of Workmanship	111
	The Red Beads—Production—Day 4	90	Obligation 12B—Drop the Annual Merit Review	112
	Keeping the Plant Open with the Best Workers	91	Obligation 13—Education and Growth	113
	The Red Beads—Production—Day 5	92	Obligation 14A—Take Action to Accomplish the Transformation	114
	Red Beads Chart	93	Obligation 14B—An Example (Caution—Do Not Use Without Theory)	115
	The Light Goes On	94	DAY THREE	
	Day Two—Afternoon	95	7	
	It Is So Easy to Be Fooled by Figures	96	The Seven Deadly Diseases	117
	What Can We Do to Reduce the Proportion of Red Beads	97	The Seven Deadly Diseases	118
	How Did This Come About	98	Deadly Disease 1—Lack of Constancy of Purpose	119
	Two Kinds of Mistakes	99	Deadly Disease 1—How to Develop Constancy of Purpose	120
	How Do You Make Red Beads	100	Deadly Disease 2—Emphasis on Short-Term Profits	121
	As a Result of the Red Bead Experiment— the Japanese Went to Work Straight Away	101	Worldwide Steel Recession	122
	I Am Learning	102	Deadly Disease 3—Evaluation of Performance, Merit Rating, or Annual Review	123
6	Obligations 10 through 14	103	Deadly Disease 3—Evaluation of Performance, Merit Rating, or Annual Review (Continued)	124
	Obligation 10—Eliminate Slogans, Exhortations, Arbitrary Targets	104		
	Why Do Exhortations and Arbitrary Targets Create Frustration	105		
	Obligation 11—Eliminate Numerical Quotas for the Workforce	106		

Deadly Disease 3—Alternatives to Evaluations	125	9 The Funnel	147
Deadly Disease 4—Mobility of Management	126	Management and Tampering	148
Deadly Disease 5—Running a Company on Visible Figures Alone	127	Dr. Shewhart's Experiment	149
Running a Company on Visible Figures Alone (Continued)	128	The Funnel Experiment	150
Take Time to Understand the Figures	129	Rule 1—We Make No Adjustment to the Funnel	151
Study the Process, Not the Results Alone	130	Rule 2—Adjust the Funnel from its Last Position Vis-à-Vis Target	152
Deadly Disease 6—Excessive Medical Costs	131	Rule 3—Bring Back to Origin Before Adjustment	153
Deadly Disease 7—Excessive Legal Costs	132	Rule 4—Aim at the Previous Point	154
8 Obstacles	133	What Does it All Mean to Me	155
Obstacles to Getting the Job Done	134	10 Operational Definitions	157
Obstacle—Hope for Instant Pudding	135	Operational Definitions	158
Obstacle—Hope for Instant Pudding (Continued)	136	How Many People Are in the Room	159
Obstacle—The Supposition that Solving Problems, Automation, Gadgets, and New Machinery will Transform Industry	137	Misunderstandings Are Often Caused by the Lack of Operational Definitions	160
Obstacle—The Search for Examples—Examples without Theory Teach us Nothing	138	Reflections on Operational Definitions	161
Obstacle—The Search for Examples—Plant Tours Teach Nothing Without Theory	139	DAY FOUR	
Copying Japanese Quality Control Circles	140	11 Management of People, Leadership, and Training	163
Obstacle—The Search for Examples—It Is a Hazard to Copy	141	The Job of the Manager of People	164
The Problem with Benchmarking	142	Why a Leader Must Be a Trainer	165
Obstacle—Obsolescence in Schools	143	The Leader's Job is to Know When Statistical Stability Has Been Reached	166
Obstacle—Poor Teaching of Statistical Methods in Industry	144	The Manager's Job is to Know the Difference between Random Causes and Special Causes of Variation.	167
Obstacle—Use of Military Standard 105D and Other Tables of Acceptance	145	The Manager's Job is to Dig—To Learn What Is Going On	168

A Manager's Job is to Dig—To See Who Needs Special Help	169
The Manager's Job Is to Understand Inspection.	170
The Manager's Job Is to Drive Out Fear So That Control Systems Work Properly	171
The Manager's Job Is to Drive Out Fear	172
Reflections on the Manager's Task	173
12 System of Measurement	175
Be Aware of the Hazards of False Consensus	176
Independent versus Dependent Inspection	177
Measurement Requires Operational Definition to Be Useful	178
Know Your Data	179
Measurement Requires a Holistic View	180
The Need to Look at the Measurement over Time	181

13 Closing Thoughts **183**

Service Organizations	184
Dr. Deming's Theory Applies to Service Organizations	185
Costly Misunderstandings	186
Two Types of Quality	187
Improvement in Performance in a Bank	188
Dr. Shewhart's Discussion of Quality	189
The Role of Consumer Research	190
Analytic and Enumerative Studies—Why versus What	191

Analytic and Enumerative Studies—Why versus What (Continued)	192
The End	193
Epilogue	195
Where Do We Go from Here	196
Questions for Discussion	203
Appendix	213

Some Notes on Statistical Process Control.	213
The Funnel Rules Applied to the Red Bead Experiment	214
The Four Funnel Rules Applied to the Red Beads	217
Bibliography	219
Index	221
