

TABLE OF CONTENTS

Foreword	v
Abstract	vii
Preface	ix
Acronyms and Abbreviations	xi
Executive Summary	1
1. Introduction	3
Data and Research Design	4
2. Energy Sector Reform Context	5
The Economy and Household Welfare	5
Access to Network Energy	6
Power Sector Reform	7
Energy Tariffs	8
3. Impact on Households	11
Regional Differences in Energy Expenditures	11
Composition of Energy Expenditures	12
Changes in Electricity Consumption—Tbilisi	14
Health and the Environment	15
Conclusions	17
4. Impacts on Utilities	19
Performance of AES Telasi	20
Prices	20
Subsidies	21
Service Quality	21
Enforcement	22
Structure of Arrears	23
Conclusions	23
5. Impacts on Government	25
State Support for the Energy Sector	25
Municipal Support for the Energy Sector	26
Electricity Subsidy Effectiveness	27
Conclusions	30
Annexes	31
Annex A. Converting Energy Prices into Cost per Effective BTU	31
Annex B. Environmental Outcomes	33
Annex C. Analysis of Telasi's Revenues	35

LIST OF FIGURES

Figure 1. Stated and Actual Household Electricity Payments	4
Figure 2. Household Expenditure Shares by Quarter	6
Figure 3. Power Sector Reform Milestones in Georgia	7
Figure 4. Effective Energy Prices, GEL per Million BTU	9

Figure 5. Share of Utilities in Total Expenditure by Region	12
Figure 6. Total Household Energy Consumption in Effective BTUs—Tbilisi	13
Figure 7. Energy Expenditure Shares by Fuel Type—Tbilisi	13
Figure 8. Household Electricity Consumption—Tbilisi	14
Figure 9. Distribution of Electricity Consumption—Tbilisi, 2002	15
Figure 10. Energy Expenditure Shares on Clean and Dirty Fuels—Tbilisi	16
Figure 11. Demand for Fuelwood in Georgia (winter 2002)	16
Figure 12. Collection Rates by Re-metered Status—Tbilisi	22
Figure 13. Collection Rates by Quintile—Tbilisi	23
Figure 14. Frequency of Household Electricity Consumption (kWh per year)—Tbilisi	29

LIST OF TABLES

Table 1. Aggregate Impact of Reform on Collection Rates—Tbilisi	21
Table 2. State Budget Payments to the Energy Sector 2001-2003 (thousand GEL)	26
Table 3. State Budget Energy Subsidies—Tbilisi (thousand GEL)	27
Table 4. Electricity Subsidy Incidence—Tbilisi	28
Table 5. Subsidy Coverage—Tbilisi	28
Table 6. Simulation of Subsidy Cost-Effectiveness—Tbilisi	29
Table A.1. Calculation of Cost per Effective BTU	32
Table C.1. Average Hours of Electricity and Amount Paid by Region	36
Table C.2. Regression Model	37
Table C.3. Regression Results	37
Table C.4. Effect of Collection Rate on Revenues	38
Table C.5. Effect of Enforcement on Revenues	39
