	EXECUTIVE SUMMARY	
	Background and Objectives	1
	Definition and Comparative Rank	1
	Characteristics and Role	1
	Trade and Market	2
	Production Requirements	3
	Future Prospects	4
	Promotional Initiatives	4
I.	INTRODUCTION	8
II.	CHARACTERISTICS AND CLASSIFICATION	
	Conventional Delineation and Definition	9
	Prominent Category Characteristics	9
	Classification Practices	11
III.	ROLE AND SIGNIFICANCE OF INDUSTRIAL MINERALS	
	Basic Aspects of Mineral Consumption	14
	Objectives of Industrial Mineral Development	15
	Share and Comparative Rank	17
	Multiplicity of Use	19
	Patterns of Specific Consumption	20
IV.	INDUSTRIAL MINERALS MARKET	
	Tradeability of Industrial Minerals	23
	Characteristics of Industrial Minerals Demand	24
	Market Structure and Trade Pattern	26
V.	IMPLEMENTATION AND OPERATING REQUIREMENTS	
	Resource Identification	29
	Mining and Processing	29
	Infrastructure and Investment	33
VI.	FUTURE PROSPECTS FOR INDUSTRIAL MINERALS	
	Supply-Demand Relationship	37
	Long-Term Demand Growth	38
	Intensity of Use	39
VII.	TARGET IDENTIFICATION	
	Aspects of Country Selection	41
	Aspects of Selecting Commodity-Country Combinations	43
VIII.	CONCLUSIONS AND RECOMMENDATIONS	45
